Alumnae Life

YEARLY PUBLICATION

Calgary General Hospital Alumnae Association

EDITOR'S NOTE

— Doris McPhee (Tennant-35)

*F*IVE years ago the first issue of our Alumnae Year Book was released from the press. When we turn back the files, we cannot help but be impressed with the progress shown by our organization. It is my earnest and sincere hope that its growth and progress during the next five years will be as pronounced as in the past.

We have dressed this issue up with the title "Alumnae Life" in hopes it will seem a more personal part of our Alumnae. You will also note the addition of advertisements in the back of the book, which has enabled us to give you more pictures. We hope this will make the book more interesting to you. Let me again remind you, this book needs your support and so remember your next editor will appreciate your criticisms and suggestions.

1940 has brought us a world-wide economic and social unrest. Until the blinding blizzard of turmoil and distress which is now blowing turns into a chinook of happiness and comparative prosperity, it is our duty to carry on with a spirit of firm confidence. At the present there is, for the majority of us, only one thing that we can do—and that is to "keep our heads." This is no time for panic and hysteria, for unthinking action, for unnecessary pessimism, nor for loose talking. Each of us undoubtedly will find a niche in the ranks of National Service in which our individual qualifications can be utilized to the best advantage. We feel confident that when the time comes and we are called upon, we will be ready and willing to fill that niche to the best of our ability. Until that time all that most of us can do is to remain calm, move with caution and CARRY ON.

To The Graduates of The CALGARY GENERAL HOSPITAL

AS another year glides swiftly into the past it is again my privilege and pleasure to greet you through the medium of your Year Book.

Our Nation at war has been the keynote of our thoughts for many months and our hearts are saddened as daily news comes to us of harrowing cruelties and human sacrifices, but the spirit of our Empire will live on, unquenchable, and undaunted, until the dawn of victory shines over her wide domains.

As a professional group, we pledge our faith and our service to the cause of freedom.

Christmas is a time when memories awaken—memories of by-gone days and other years. In your sanctuary of thoughts there winds a well remembered path, a sunlit way, leading to achievement—your training days—and may your pride in the progress and service of your beloved institution remain ever a happy memory and a sustained interest.

To each and all of you, those near and in distant lands, I extend affectionate greetings with a special thought and message of cheer to those of our School who have been called to the colors.

“May the songs of Christmas tide
Ringing the long night through
Echo the joy of two thousand years
And bring it again to you.”

Faithfully yours,

SARA S. MACDONALD,
Superintendent of Nurses.

Dear Fellow Members:

A LETTER is a poor substitute for the visit I would very much like to have with each of you, gossip and tea are a combination that is just as much fun now as it was in the kitchen at A Block.

I am honoured to be your third President; it is a tremendous responsibility to have, but the willingness and ability of the executive to share it makes me hope that we are building well on the solid foundation that was laid for us.

Five years have passed in quick succession since that cold January night in 1936 when we met to start the unravelling of the tangled threads of 37 years to focus the interest and loyalty of hundreds of our graduates. At that time the hospital was a place we had left behind; now it is a place we go back to, for good care, if we need it, or the friendship and interest of Miss Macdonald and her associates, which is always ours and very heart-warming.

As Christmas approaches this year with grief and strife on all sides, we have a greater feeling of fellowship and interest in our nurses in far away places. The sympathy of our American members in our fight is very comforting, and I am sure they join with us in our mixed feeling of envy and anxiety for our members in the British Isles and distant lands.

I wish you could all come home for the Christmas party; we could all forget the things that face us in 1941. It takes courage to be gay, but as Don Marquis inimitable Mehetabel the alley-cat says:

"well archy the world is full of ups
and downs but toujours gai is my motto
cherrio my deario."

To all of you a Christmas with happiness
and a New Year with Peace

From,

YOUR PRESIDENT.

Gertrude O'Keefe (Barrett '24).

THE CALGARY GENERAL HOSPITAL ENTERTAINS

*I*T is hard to explain what happened to my powers of resistance when I weakly agreed to write something for the Year Book, but having done so, you and I both will have to make the best of it.

I am deputed to tell you about the somewhat impromptu reception held at the Calgary General Hospital during the C.N.A. Convention in Calgary, June 24-29.

The Thursday evening of that week had been left free in order that the various Alumnae groups could make their own arrangements for holding reunions in a manner of their own choice, and Miss Macdonald invited our Alumnae to come over to the Hospital and inspect the new wing of "B" Block Nurses' Home, and generally look around the old stamping ground. In addition, our Superintendent of Nurses had extended the invitation to include Nurses from other Alumnae, or any other Convention visitor who had no special plans for that night.

The response exceeded our wildest expectations—we had over two hundred nurses from all across the Dominion, including several French-Canadian nurses who told us in their delightfully broken English that our "Hospital" was lovely.

Our staff and student nurses acted as ushers and had a busy time keeping the crowd moving along on the tour of inspection and finally ending up in "A" Block where refreshments were served—and you can guess where?—in the Lecture Room! and I doubt if any of you would have recognized our somewhat austere temple of learning that evening—all bedecked with flowers and the fripperies of tea tables laden with such carnal objects as plates of sandwiches and cake.

To those who were absent that evening, we can only say we wish you had been able to come. By the way, it might amuse you to know that my ushering job was in the "Dem." Room, and I was agreeably surprised at how many of our nurses seemed to enjoy revisiting the scenes of their early triumphs and disasters.

I do not think it was altogether my imagination that the two "Dolls" seemed to smile a welcome to a great many old friends—some of whom may have used them a bit roughly at times in their stumbling efforts at "making the patient comfortable" but who have since done great credit to their first models.

As our guests departed that evening we had the satisfied feeling (with apologies to Mr. Rudyard Kipling's poem) that East and West had met and both had enjoyed it; and here I must say that the whole Convention radiated a feeling of friendliness and socialbility that—almost—changed one's opinion of Conventions in general.

Greetings and Best Wishes to you all.

J. A. CONNAL.

Greetings!

RECENTLY I was reminded that I was to write something for the Year Book. As though I needed reminding. The thought of it has been hanging over me like the Sword of Damocles since May 3rd. That was the night we put on our best dresses, had our hair frizzed, and went to the Annual Banquet at the Palliser Hotel.

I was asked to write about the banquet. I have consulted Webster's unabridged to get the correct definition of "banquet", and I find, quote: "A sumptuous entertainment or feast," unquote. Our banquet was something more than that. It was a meeting and greeting of the older nurses, a debut of the new nurses, and an event for us all. I suppose it was more exciting for those of us who, by reason of distance, cannot attend frequently. We envy you Calgarians who meet from time to time to reminisce over the days when we were awakened by a very unmusical "cow bell." But I digress and must get on with the banquet.

Well, it ran true to form, as banquets go. The little groups gathered together, casting an appraising eye at other groups. We were very kind and told each other that we hadn't changed a bit, and how charming we looked. Presently we were gathered unto the feast. There were the usual Toasts and the usual complimentary replies. Honeyed phrases literally dripped from our lips.

The Graduating Class had a special ritual at their table. The lighting and passing of candles to the succeeding class. I believe this is to be an annual event. It was lovely having the Graduating Class with us. It imparted something of "that first fine careless rapture" we felt when we wore our white for the first time. It is a much better feeling than being in the red. I know whereof I speak.

After the speakers became speechless, we followed the crowd and found ourselves in an entertainment hall. Here we were treated to Grand Opera, Drama and Music. Never before had I sat so near a prima donna. I could almost reach out and touch her bosom. She was not the modern petite prima donna, but the good old-fashioned substantial model. "Ah! but the play was the thing." I am not a stage critic of renown, but I make bold to state that the performance was highly comparable to "Gone With the Wind." The touching little scenes of home life—father in his bare feet and grandpa in his nightshirt. In our profession we have so little opportunity to see people's bare feet or nightshirts.

There were other musical renditions, well worthy of mention. The sumptuous entertainment and feast was over and we rose and sang God Save the King.

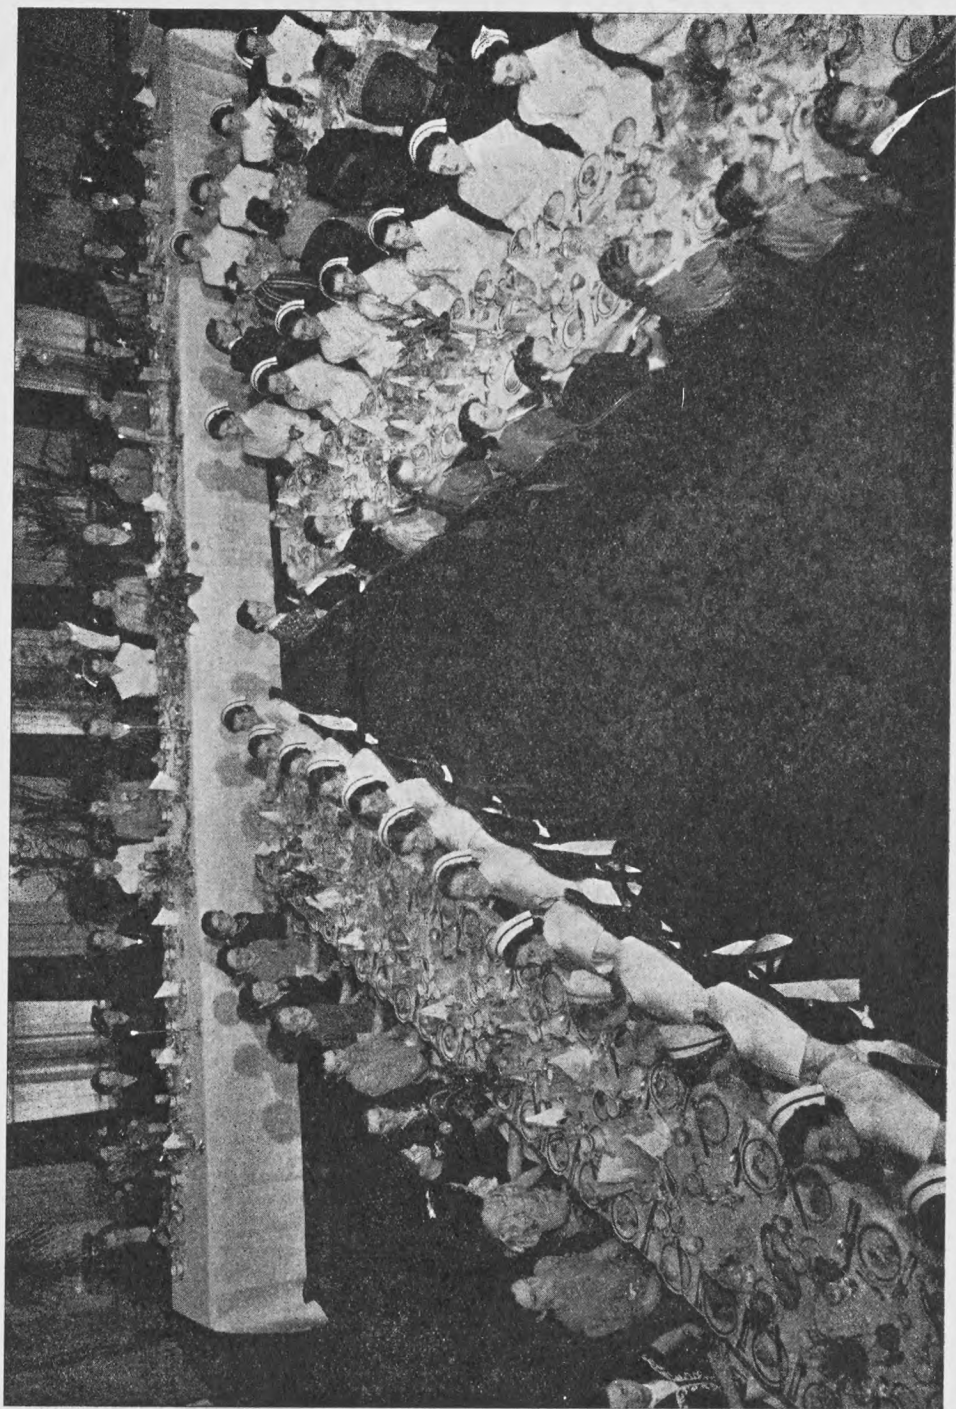

Reluctantly we went home. We wanted to stay and visit awhile; see those we had not seen for so long and might not have the opportunity of seeing again. Can it be arranged? "Ah that's the rub." I leave it to the Brain Trust.

I am glad I went to the banquet. I am glad I went to Calgary. I saw my bed friends. I saw the purple crocuses, millions of them, and that popular watering place, Bowness Park. It is a beautiful spot, surrounded east, west, north and south by children from the Wood's Home. I saw spring on the prairie and the old familiar landmark, Tom Campbell's Hat sign.

There are some changes and improvements at the Hospital. "The old order changeth and giveth way to the new." There is a room for fathers as well as mothers in maternity now. The equipment is ultra ultra.

I have been requested to tell something of my love life. I have but one love--Vancouver. "Come out and see it sometime."

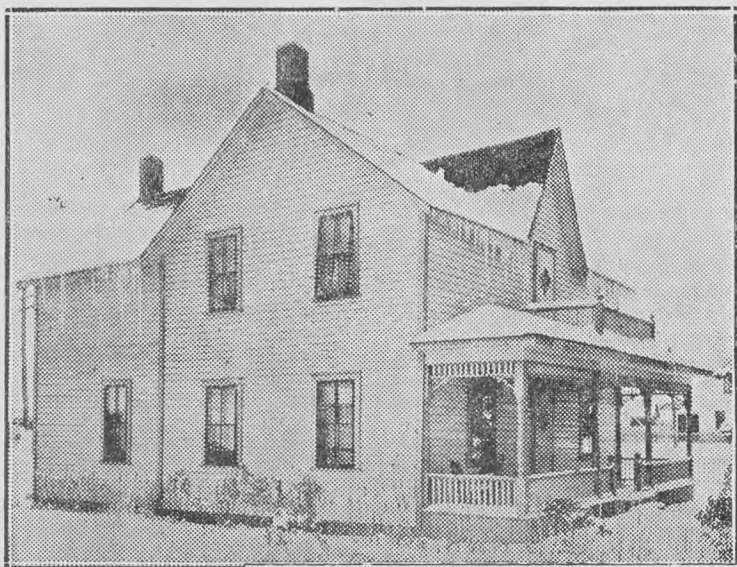

Adios, Tupp '22.

CALGARY'S FIRST HOSPITAL

(Photo by Courtesy Calgary Daily Herald)

THE following story of the events which led up to the opening of the first hospital in Calgary, about the close of the year 1890, and later to the erection and opening in May, 1895, of the stone hospital building near the Elbow River, has been taken chiefly from the records and speeches published in the Weekly Herald of May 29th and the Alberta Tribune of May 23rd, 1895, after the formal opening of the new hospital on the 22nd

"The first movement in connection with a hospital in Calgary was started in November, 1886. In those days it was pretty hard for people who had the misfortune to get sick, especially for the young unmarried men, who constituted the bulk of the population. In the previous winter a young man named George Shaw had died of typhoid fever in a shack across the Elbow River, to which he had been taken, and the miserable circumstances of his death had caused much feeling in the town. The St. George's Society, the strongest and most active benevolent society in Calgary at that time, did what it could to look after sick men of English birth or extraction. One unfortunate man named Freeman was picked up on Stephen Avenue, prostrated by fever, penniless and friendless. It being impossible to get him admitted to any of the hotels, a shack was secured for which windows had to be obtained to make it habitable, and funds were cheerfully subscribed for the considerable expense of treatment, nursing and maintenance for several months, until, at last, admission to the Winnipeg General Hospital was procured for him. To show the difficulty of getting accommodation for sick people at that time, especially if their disease was of an infectious nature, a case is mentioned in an old copy of The Herald, of a patient of Dr. Lindsay's who was shifted from one place to another five times. These and similar cases induced Mr. G. C. King, who was mayor, to call a meeting in the old Boynton Hall on November 16th, 1886, to consider the question of establishing a hospital. The meeting was addressed by Mr. Amos Rowe and the three medical men of the town—Drs. Henderson, Lindsay and Lafferty—and a committee was appointed to take charge of the matter. Application was made to the Government for a grant of block 73, section 10, to be used as a site, with the result of a grant of four and one-half acres north of Angus Fraser's farm across the Bow River. After this public interest flagged for a time, but was revived in 1889, and the following year, at a meeting presided over by Dr. Lafferty, mayor at that time, a board of provisional directors was appointed: Bishop Pinkham, Senator Lougheed, Judge Rouleau, and Messrs. D. W. Marsh, G. C. King, A. Rowe, W. Pearce, J. Walker, A. D. Braithwaite and H. Samson. Letters of incorporation were obtained from the North West Council in November, 1890, with Mr. Marsh as president, a frame building was rented and fitted up for hospital service, and a subscription list was passed around which raised \$6,500.00 for current

expenses." This cottage hospital had accommodation for four patients in single rooms upstairs, and four or five in a room on the ground floor, where there was an office and the nurses' dining room, which also served as an operating room. The first patients were admitted in 1890, and the reports of hospital work for the first three years showed that ninety-four patients were cared for in the first year, one hundred in the second, and one hundred and thirty-one in the third.

"In 1892 the directors applied to the Government for a grant to equal the amount the citizens would agree to raise, and a by-law authorizing the expenditure by the Council of \$10,000.00 for the erection of a hospital was submitted to the ratepayers and carried. However, the Government could not see their way clear to making such a grant, so the plan could not be proceeded with. Nothing daunted, the directors went back to the Council the following year for another grant of \$10,000.00 without any qualifications. The by-law was again carried by the people in the Spring of 1894, but as no money could be voted towards the erection of a hospital outside the limits of the Corporation, as was the site across the Bow obtained from the Federal Government, twenty lots were procured from the Calgary Townsite trustees, on which the foundation of the new hospital was laid by the Honourable Mr. Mayne Daly on September 1st, 1894." On the same day the new Matron, Miss E. Birtles, a Winnipeg graduate, who had been assistant to the Matron of the new hospital in Brandon, arrived to take charge of the cottage hospital, where she had to carry on alone for two months before she received an assistant. Recognizing the need for more nurses, it was decided to start a training school, and the first probationer was admitted at the cottage hospital the 23rd of April, 1895. Three weeks later the staff and five patients were transferred to the new hospital, two new patients were admitted before evening, and when the formal opening took place, on May 22nd, there were thirteen in and others delayed till the ceremony should be over. Some of the first money set aside in 1886 for the proposed hospital was the collection taken at a great Union Service on Thanksgiving Day, November 18th, to give thanks for the deliverance of Calgary from extinction in the fire on November 6th. Another contribution was from a young Chinaman, Jimmy Smith, who, when dying, willed the proceeds to be derived from the sale of his property to the General Hospital as soon as it should be established. The building of this hospital cost about \$15,500.00, but the directors felt they had got good value for their money, and there was till \$2,500.00 to be collected on the old subscription list of 1890. The Ladies' Hospital Aid had collected \$1,800.00, had spent \$1,130.00 on furniture and furnishings for the new building, and the tiles of the operating room, the glass operating table, which attracted much interest, and the furnishing of the Matron's room were supplied by them. The little cot and the furnishings for the children's wards were furnished by the Oddfellows' Society and the Loyal Orange Lodge. The Hospital Register was signed by one hundred and seventy visitors on the opening day, but it was estimated that there had been two hundred present, and truly joy of achievement was experienced that day by all who had taken part in the long struggle to obtain proper accommodation and good nursing care for the sick and injured.

MARION E. MOODIE,

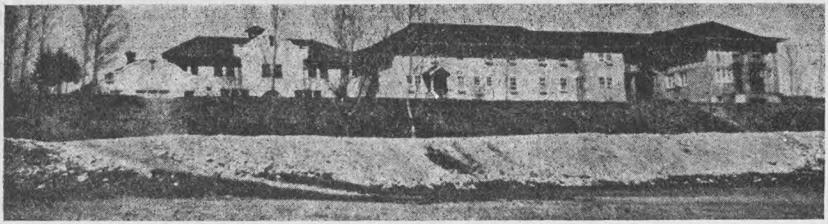

The First Probationer and Graduate.

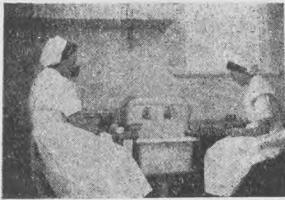

EXTRACT FROM MRS. PINKHAM'S REMINISCENCES

"There were no hospitals when we came here and one heard of some appalling cases of accidents on ranches, and of sad maternity cases. I believe the first person on record to do anything for a hospital was a Chinaman, who died in one of the hotels, leaving a suit of clothes to the clergyman who visited him, and one hundred dollars to start a hospital.

"I got to work as soon as I could and was able to collect some money towards starting a cottage hospital. However, some people thought that might mean an Anglican institution, so I persuaded the Mayor to call a meeting in order that people might be interested in starting a General Hospital, and I undertook to turn over the funds I had in hand. We had quite a good meeting and we soon started, in a small way, by securing a frame building on Seventh Avenue, with Mrs. Hoad as our first Matron. We formed a Woman's Hospital Aid Society. I was elected President and Mrs. A. Allan, Secretary, and it was wonderful to see the enthusiasm of the members; no work was too hard for them, and too much credit cannot be given Mrs. William Pearce and her sisters, Mrs. Mackid and Miss Louisa Meyer, Mrs. D. W. Marsh, Mrs. Perley and many others to whose energies were due many hundred dollars we made. No one refused these good ladies, and we knew if they went to collect from the business men, they could generally get what they wanted"

THANK YOU

Thanks to Mrs. E. Donnison, our Membership Convenor, we have been able to publish this directory. Please co-operate with her and notify her of any change in your address. Members who are not paid-up are urged to do so in order to receive bulletins and Year Book.

The Year Book Committee sincerely wish to thank the advertisers. Please patronize these dependable firms. Thank you!

A PROBIE'S IDEA OF A SENIOR

A Senior stood on the railway track,
The train was coming fast.
The train got off the railway track
To let the Senior pass.

Methusalah ate what he found on his plate,
And never, as people do now,
Did he note the amount of calories count—
He ate it because it was chow!
He wasn't disturbed as at dinner he sat,
Destroying a roast or a pie,
Because it was lacking in granular fat,
Or a couple of vitamins shy.
He cheerfully chewed every species of food,
Unworried by troubles or fears,
Lest his health might be hurt by a fancy dessert,
And he lived over 900 years!

From the time you are born
Till you ride in a hearse,
There's nothing so bad
But it could have been worse.

Sign in Pennsylvania village: "Slow, No Hospital."

Marjorie was a good little girl, as far as good little girls go—and, as far as good little girls go, she went.

In Memoriam

In Memory of

Miss Dora Mott

Class 1919.

From our chain a link has fallen,
In our land a star has set;
But enshrined in memory's tablet,
Her true worth we'll ne'er forget.

? ? ? ?

Did you ever try selling tickets,
For a blanket, a ham, or a goose?
If so, you have some idea
How to get your neck in a noose.

But the best experience ever,
When it comes to the selling game,
Is to peddle Ice Carnival tickets,
It makes all the others seem tame.

You approach with a smile, your victim,
A business man of the town,
He pretends to be frightfully busy,
And hastily turns you down.

The young married man in the office,
Assumes his most hen-pecked look,
And wails that he hasn't the money—
His wife's an extravagant cook.

Taken aback at the outset,
You muster your most pleasant grin,
And vow you'll win over the next one,
You can't take it on the chin.

Determined, you choose for the slaughter,
The stenographer, modest and shy,
And when she immediately hedges,
You ask her the reason why.

And then you wish that you hadn't,
For you hear of her family affairs—
How she keeps a poor widowed mother,
Who got "hooked" for "a flock of oil shares."

And how they are skimping and struggling,
In their effort to make both ends meet,
And you wonder if the "V" you left was enough,
When you get safely back to the street.

But by finally nailing the milkman,
The grocer, the family and friends,
You dispose of your share of tickets,
And gather in the loose-ends.

The night of the Frolic is over,
The success we achieved was immense,
And oh! What a glorious feeling,
The receipts will exceed the expense!

I have now such a different feeling,
About those who are selling things,
And when the next one approaches,
He'll think that I've sprouted wings.

I'll even welcome the "Fuller Brush Man,"
The very next time that he calls,
And let him demonstrate his wares,
In living-room, bath and halls.

And when his sales talk is ended,
With smiles, instead of smirks,
I'll write a check and cry—" My friend,
You can just leave me the works."

—Anonymous, Class '15.

CALGARY GENERAL HOSPITAL ICE FROLIC

Our fifth annual Ice Frolic was presented in the Arena on November 15th to a crowd of over four thousand spectators and proclaimed by our members to have been the finest to date.

The Arena was in colorful array; the ice surface tinted in red, white and blue in military designs of flags, airplanes, battleships, etc., while across the centre imprinted on the ice the words, "There'll Always Be An England", stood out in bold letters.

Brig. F. M. W. Harvey, V.C., M.C., opened the carnival, and an address of welcome was given by our president, Mrs. T. L. O'Keefe.

The Glencoe Club, with their outstanding skaters, were with us again. Others included Wally Sahlen, of the Arena Skating Club from Minneapolis; the Post Sisters from Saskatoon; Doreen Dutton, of Drumheller; Barry Green of Wascana Skating Club, Regina; Corp. Pinder, R.C.A.F., of Kitchener, Ont.; Mary Ann Murray, of Calgary; Evelyn Doolan, Betty Davidson, Mary Deegan, of Banff, and Helen Cantwell, all of whose numbers were enthusiastically received. Little seven-year-old Edna Potts, from Lethbridge, brought forth loud applause, and the Victoria Speed Skating Club lent variety to the show in their exhibition of speed skating.

Our last number, a patriotic pageant, which represented all arms of His Majesty's Forces, a large model warship, "H.M.S. Broke", made by the Youth Training Centre, a Bren Gun Carrier from Infantry Training Centre, an airplane float carrying a model Hurricane fighter, made at the Technical Institute, accompanied by members of R.C.N.V.R., soldiers and airmen, brought to a stirring close our 1940 Ice Frolic.

Music was supplied by the Calgary Native Boys' Band.

Much credit for the success of the evening is due to our master of ceremonies, Mr. Douglas Smith, whose clear annunciation and clever direction kept things moving; and we hereby extend our grateful appreciation. Thanks are also extended to the Technical School, Infantry Training Centre and Dominion-Provincial Youth Training for model warship and exhibition of physical education and folk dancing.

Well, space will not permit us to mention names of our members who spared neither time nor effort to make our carnival a success, but we would like here to pay tribute to our president, Mrs. T. L. O'Keefe, whose untiring efforts are an inspiration to us all.

Our proceeds, amounting to over \$1,000.00, will be spent to better conditions in our Alma Mater, which holds, and always will, a warm spot in the hearts of us all.

—Anonymous Class '15.

ALUMNAE CALENDAR

- JANUARY—** Annual reports from members of Executive.
- FEBRUARY—** Entertainment Committee presented skit entitled "Order of the Bath with Apologies."
- MARCH—** Vocal solos by Mrs. Kemsley and Mr. Beatty, accompanied by Mrs. Stevenson; and Miss Isobel Logie, accompanied by Miss Waterhouse.
- APRIL—** Demonstration by a team of St. John Ambulance, and humorous readings by Miss DeLong.
- MAY—** Annual Banquet and Reunion in Palliser Hotel. Record attendance—261.
- JUNE—** Talk by Mr. Thompson, of the Institute of the Blind, on their work, and the School of Seeing-Eye Dogs.
- SEPTEMBER—** Business Meeting and Reunion.
- OCTOBER—** Students Nurses' Party. Dr. Pilcher showed pictures of the Columbia Ice Fields.
- NOVEMBER—** Ice Frolic, November 15th.
Election of Officers for 1941.
- DECEMBER—** Christmas Party.

In Obstetrics and Surgery...

'DETTOL' FILLS A NEED

" 'DETTOL'—In contrast to its very low toxicity for skin and mucous membranes, its effect on the bacteria with which we are concerned in puerperal fever is high. *Streptococcus pyogenes* and *B. Coli*, even in the presence of pus are killed within two minutes by a two percent solution."

JOURNAL OF OBSTETRICS AND GYNAECOLOGY OF THE
BRITISH EMPIRE, VOL. 40 NO. 6, 1935

The properties of 'Dettol'—demonstrated in actual practice—are quickly winning recognition with the medical profession of Canada. For 'Dettol' Antiseptic is a vast improvement over old type carbolic and cresylic germicides in that it is non-poisonous, gentle to human tissues, persistent in action, stainless, pleasant to use, and can be applied at highly effective strengths.

'DETTOL' is available through your regular druggist or surgical supply house. Literature and clinical sample available on request.

Reckitt & Colman (Canada) Limited, Pharmaceutical
Department, 1000 Amherst St., Montreal, P.Q.

● "Look here, Mr. Bear—that's no way to cure what ails you. All you'll do is catch a bad cold! That fur coat is itchy, huh? Too bad you can't take it off!"

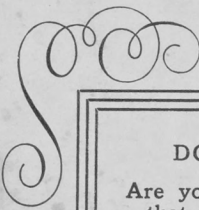

● "It's soft, soothing Johnson's Baby Powder you need, my friend. There's nothing like it when you're chafed and scratchy. Just ask my nurse about it."

● Rub a pinch of Johnson's in your fingers—it's as soft as satin. That must be why it keeps baby skins in such wonderful condition. Only the finest imported talc is used in Johnson's Baby Powder — and it's **BORATED!**

JOHNSON'S BABY POWDER

MADE IN CANADA

DO YOU JUST BELONG?

Are you an active member, the kind
that would be missed,

Or are you just contented that your
name is on the list?

Do you attend the meetings, and
mingle with the crowd,

Or do you stay at home, and crab both
long and loud?

Do you take an active part to help the
unit along,

Or are you satisfied to be the kind to
"just belong"?

Do you ever go to visit a member that
is sick,

Or leave the work for just a few and
talk about the clique?

There's quite a program scheduled that
means success if done,

And it can be accomplished with the
help of everyone.

So attend the meetings regularly and
help with hand and heart,

Don't be just a member, but take an
active part!

Think this over, member, are we right
or are we wrong,

Are you an active member, or do you
"just belong"?
